HR Interview Questions & Answers

Frequently Asked Questions with Tips

1. Tell me about yourself

- Structure: Present (who you are) -> Past (achievements)
- -> Future (why you fit this role). Keep it under 60 seconds.

2. What are your strengths?

- Pick 2-3 real strengths and back each with an example.
- Avoid generic words like hardworking without proof.

3. What are your weaknesses?

- Choose a genuine, fixable weakness.
- Immediately explain the system/action you use to improve it.

4. Why should we hire you?

- Map your skills to the job description.
- Show how you add value: results, speed, teamwork.

5. Where do you see yourself in 5 years?

- Show ambition aligned with the company.
- Mention growing into senior technical responsibilities.

6. Why this company?

- Research products, culture, and recent news.
- Link the company mission to your career goals.

7. Salary expectations

- Give a researched range, open to discussion.
- Focus on total compensation, not just base.

8. Do you have any questions?

- Ask about team, growth, tech stack, or culture.
- Never ask about salary/perks first.
